

	<p>We want our college to be a safe and happy place for everyone.</p>
	<p>We don't want anyone to feel sad here.</p>
	<p>Sometimes people can say things to make other people sad.</p>
	<p>Sometimes people can hurt others.</p>
	<p>Sometimes people can touch and get too close to others when they don't want them to.</p>
	<p>Sometimes people can do or say things in real life, or online in text messages or other social media.</p>
	<p>This is NOT acceptable behaviour.</p>

	<p>If you feel this is happening to you, tell a teacher or tutor at college.</p>
	<p>The principal will decide if the person upsetting you has done anything wrong.</p>
	<p>The person who has upset you might be asked to say sorry.</p>
	<p>The other person should change their behaviour.</p>
	<p>Sometimes the principal may need to talk to other people to decide what to do.</p>
	<p>We must ALWAYS be kind and caring to other people.</p>
	<p>The college directors will make sure the principal stops any bullying at college.</p>
