Supported Internships

These are a transition to work programme designed to help young people with learning disabilities and autism spectrum conditions, aimed at those motivated to achieve competitive employment.

What Will I Do?

Participate in an immersive internship on site at your host business for 5 days per week (Monday–Friday). Develop key skills needed to be safe and successful in a live working environment. Become confident in your ability to work and watch as you grow to be a valued member of the team. Continue to develop your social and emotional skills as you build relationships with peers and staff from your host business.

How Does It Work?

- One year supported internship training programme
- Rotate through three different areas and skills
- Work towards entry 3 award in employability and development skills
- Celebrate with the end of course Graduation.
